About HPV and HPV-Related Diseases
January 25-29, 2021, Noon-1PM EST
Free Registration and On-Demand**

HPV PREVENTION WEEK

Hosted by American Medical Women's Association (AMWA), Global Initiative Against HPV and Cervical Cancer (GIAHC), and Indiana University

Building on the foundation that was laid during the Us vs. HPV Prevention Week in 2020, the 2021 session will provide the latest updates on FDA's approval of the HPV vaccine for oropharyngeal cancers, World Health Organization's (WHO) formal adoption of the global strategy to eliminate cervical cancer, and American Cancer Society's changes to the cervical cancer screening guidelines, among other important topics. Each 1-hour webinar is intended for health care providers, parents, patients, young leaders, students, and advocates who have an interest in the area of women's health.
